FLAN

contenitori in alluminio | aluminium food containers

Flan è la linea di contenitori in alluminio di Contital destinata all'industria alimentare, alle pasticcerie, alla gastronomia gourmet e ai consumatori.

La gamma è realizzata con il sistema brevettato **Bake-eeze®**, che conferisce ai contenitori eccellenti **proprietà antiaderenti**; I flan sono così ideali per la **cottura in forno** e il **confezionamento** di una grande varietà di prodotti, dolci e salati.

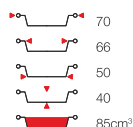

I nostri contenitori flan sono disponibili nella **versione laccata** e con coperchio in PET trasparente.

***Flan** is Contital's aluminum containers line for food industry, pastry shops, end-users and gourmet gastronomy.*

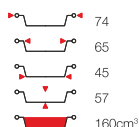

*The range is manufactured with the patented **Bake-eeze®** system, which gives the containers excellent **non-stick properties**; so flans are perfect to **bake** and **pack** a great variety of sweet and savory products.*

*Our flan trays are available in **lacquered version** and with a transparent pet lid.*

MAKE IT **UNIQUE**

La linea Flan può essere personalizzata con un'ampia gamma di colori.

Flan aluminium containers can be customized in a wide range of colours.

Bake-eeze® The non-stick revolution

Bake-eeze® è un sistema innovativo per realizzare linee di contenitori antiaderenti.

Vantaggi:

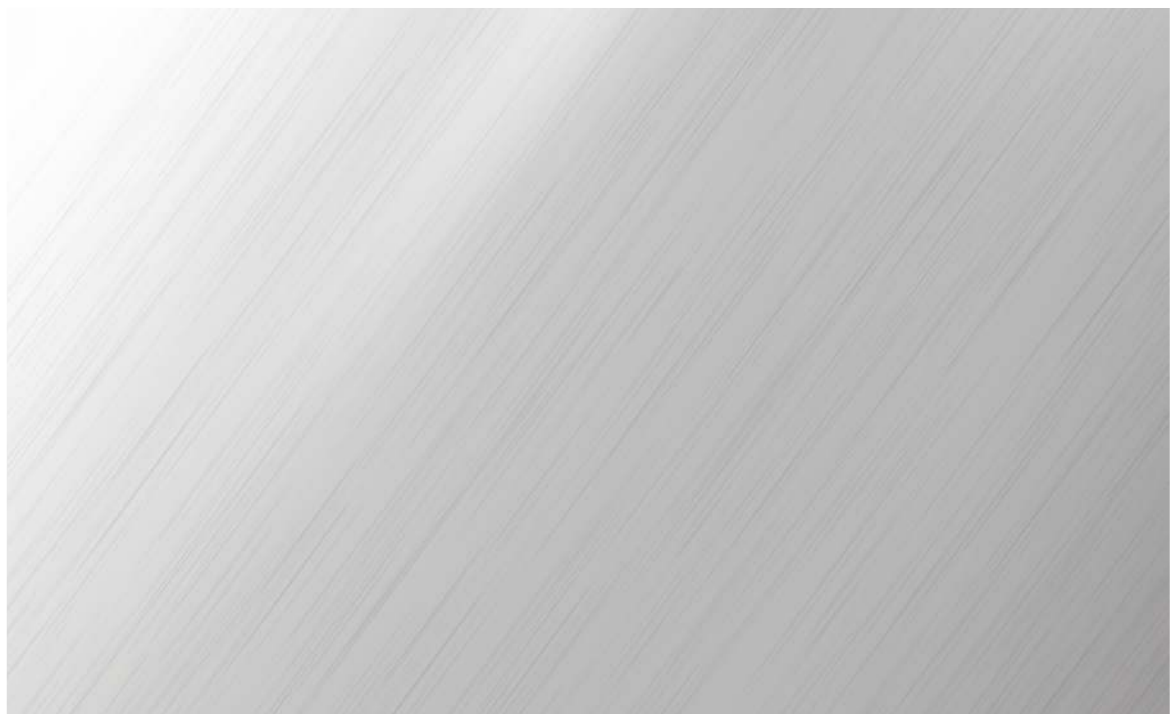

- Possibilità di infornare senza pre-ungere e senza dover rivestire il contenitore
- Ideale per la cottura nel forno industriale o casalingo
- Distacco rapido e completo del cibo per ridurre lo spreco alimentare
- 100% riciclabile
- Può essere applicato a tutti i contenitori in alluminio di Contital

Bake-eeze® is an innovative system to manufacture non-stick container ranges.

Advantages:

- Eliminates the need to pre-grease or line the container
- Ideal for industrial baking or home cooking
- Revolutionary easy release of product to minimize food waste
- 100% recyclable
- Can be applied to all Contital aluminium containers
